

**\*\*\* TRAFFIC ADVISORY \*\*\***

**Upcoming Traffic Shift on I-77 Northbound near I-85 Interchange**

**Charlotte, N.C. (June 8, 2018)** – A traffic shift on I-77 just north of the I-85/I-77 interchange is scheduled to occur overnight on **Saturday, June 9**, weather permitting. Traffic will move slightly to the west to its final location, allowing crews to continue working on the cut and cover underpass construction as part of the new I-77 Express Lanes.

Motorists are encouraged to pay attention when approaching the work zone, obey the posted speed limit and work zone signs, and allow extra time to reach their destinations safely.

For the most up to date information about the project, we encourage people to sign up for our e-newsletter and follow us on social media, using the following:

- <http://www.i77express.com/newsroom/newsletter-e-alerts/>
- I-77 Mobility Partners on Facebook [I-77 Express Lanes](#)
- I-77 Mobility Partners on Twitter [@I77XPRSLanes](#)

Once the project is complete, dedicated express lanes will run adjacent to the existing general purpose lanes. The number of general purpose lanes will remain the same as today. Drivers will have the choice of using the express lanes to avoid travel delays, the general purpose lanes or a combination of both. Vehicles with three or more occupants (including the driver) and equipped with a transponder may use the express lanes for free. The new lanes are scheduled to open in 2018.
