LaSalle Street Northbound Ramp to I-77 Closing for Construction

Charlotte, N.C. (April 21, 2017) – As crews continue working on construction of the I-77 Express Lanes near uptown Charlotte, the LaSalle Street northbound ramp is planned to close on Wednesday, April 26 at 8:00 p.m. (weather permitting) and will remain closed for approximately 12 months. Once work is completed around the LaSalle Street northbound ramp, a longer, dedicated lane originating from this ramp will be in place allowing motorists to continue driving from the ramp to I-85 northbound or to safely merge into I-77 northbound.

Please see below detour map.

Motorists are encouraged to pay attention when approaching the work zone, obey the posted speed limit, work zone signs and detour signs, and allow extra time to reach their destinations safely.

We encourage people to sign up for our e-newsletter and follow us on social media, using the following:

I-77 Mobility Partners on Facebook [I-77 Express Lanes](#)

I-77 Mobility Partners on Twitter [@I77XPRSLanes](#)

Once the project is complete, dedicated express lanes will run adjacent to the existing general purpose lanes. The number of general purpose lanes will remain the same as today. Drivers will have the choice of using the express lanes to avoid travel delays, the general purpose lanes or a combination of both. Vehicles with three or more occupants (including the driver) and equipped with a transponder may use the express lanes for free. The full 26-mile project is slated to be completed in 2018.
